SUBJECT:—Submission of applications by Industries borne on the lists of the Industrial Advisers, Ministry of Commerce and Industry (Development Wing).

No. 156-ITC(PN)/60.—Industries borne on the list of the Industrial Advisers, Ministry of Commerce and Industry are required to submit applications for import licences on Form(C). Attention is invited to Note(2) at the end of Application Form(C), wherein it has been stated that the information required against the various items in the Form should be given legibly and complete in all details to avoid correspondence and delay in the disposal of applications; the licensing authorities have discretion to reject an application if the application is not complete in all respects.

It is noticed that a large number of firms applying for import licences do not indicate the Factory numbers allotted to them by Development Wing in column B. 6 of the Application Form. This results in avoidable delay in the disposal of applications. It is, therefore, impressed on all Industries borne on the lists of the Industrial Advisers, Ministry of Commerce and Industry (Development Wing) that all the details asked for in the relevant columns of the application including the one against column B-6 should invariably be given.
